Top. Kitende SS has 167 students who will benefit from government sponsorship out of 1,520 who have been selected on merit from various schools across the country.

BY PATIENCE AHIMBISIBWE pahimbisibwe@ug.nationmedia.com

t Mary's SS Kitende has topped the list with the highest number of students who have been admitted to Makerere University and its Nakawa-based affiliate on government scholarship.

The school has 167 students who will benefit from the national coffers out of 1,520 who have been selected on merit from various schools across the country. They have been followed by Uganda Martyrs SS Namugongo, with 92 slots. King's College Budo took third position with 50 slots, while Mengo SS will take 46 slots

Mr Charles Ssentongo, the deputy academic registrar, told Sunday Monitor that the list is 20 per cent short of students who will be paid for with tax payers' money in the 2019/2020 academic year.

Those beneficiaries who have not been included are from the Law school, who were set to sit their pre-

Kitende, Namugongo, Budo top Makerere govt sponsorship list

notice board last year. PHOTO BY ALEX ESAGALA

THE UNIVERSITIES

sponsors 4,000 students each academic year to join universities. Makerere takes half of the students, while Gulu accounts for 240 slots, Lira, Muni and Kabale universities each admit 100 students, while Kyambogo takes 800 students. Busitema takes 150, while Mbarara University of Science and Technology takes 215 on government sponsorship.

entry examinations yesterday as a requirement to gain admission before they are included on the government list, the mature age, diploma, disability, sports and district quota entrants

He said because of improved performance in last year's Uganda Advanced Certificate of Education results, most courses had their cutoff points raised. saw their entry points raised from last year's 45 cutoff points to 45.5, Civil Engineering has gone up by 1.6, while Mechanical Engineering will only receive students with 48.9 and above from 47.3 they used last year.

"There was improved performance which has seen some changes in science courses and the humanities, with their cutoff points have increased. The government admission list doesn't have students on Law because they are sitting pre-entry examinations tomorrow [Saturday]. What we have released is about 20 per cent less," Mr Ssentongo said.

The government sponsors 4,000 students each academic year to join universities. Makerere University takes half of the students, while Gulu accounts for 240 slots, Lira, Muni and Kabale universities each admit 100 students, while Kyambogo takes 800 students on government sponsorship.
Busitema takes 150, while Mbarara University of Science and Technology is allocated 215.
